CONSIDER A TAX-FREE IRA CHARITABLE ROLLOVER GIFT.

The IRA charitable rollover (also known as a qualified charitable distribution or QCD) provides retirees an incentive to give to a charity during their lifetimes and avoid income tax normally due upon IRA withdrawals.

HERE'S HOW IT WORKS:

- You must be 70½ or older when you make a gift and the gift must be made from a traditional or Roth IRA—no other retirement plans qualify (such as 401(k), 403(b), SIMPLE or SEP accounts).
- You choose how much you want to contribute up to \$105,000 in each year. This limit is per individual. Thus, a husband and wife can each give up to \$105,000 from separate IRA accounts.
- Distributions must be made directly to Gonzaga University and completed by December 31 of each tax year.
- The IRA charitable distribution is not included in your taxable income and consequently there is no charitable deduction available. Transfers may count toward your required minimum distribution.
- Distributions may be used to fulfill a pledge.
- The IRA charitable distribution cannot be made to a private foundation, donor advised fund or supporting organization.
- You can make an IRA charitable distribution of up to \$53,000 (without being taxed) to fund a life-income gift such as a charitable gift annuity or remainder trust. This one-time election is subject to various limitations. Please contact us for more details.
- Gonzaga may not provide any goods, services or benefits in return for the contribution (i.e., gifts to Athletic Funds are not permitted unless donor formally opts-out of benefits).

If you are planning to make a qualified charitable distribution to Gonzaga from your IRA, please let us know in advance so we can ensure your gift is designated and receipted properly.
